AUGUST Newsletter 2022

Occupancy at both SOBC and EBYC has been strong thru July.
Guests have been enjoying themselves using the pool and the beach.
We see a little drop in occupancy starting in week 31 with RED TIDE impacting the beach.

The Centers for Disease Control has released a report regarding the COVID DELTA VARIANT.
The DELTA Virus is significantly more transmissible than the COVID 19 Virus.
Englewood Beach Resorts / Sea Oats Beach Club and Englewood Beach and Yacht Club will continue to work on making the resort as safe as possible.

We have increased the cleaning and sanitizing we do to keep the resort as clean as possible.
We have new checklists for cleaning the units and the common area.
We now sanitize the inside of the unit and the outside common area with special "Electrostatic" Foggers and Green Cleaning Products.
